Youthgroup 2009

„Yes We Can 2" *

Introduction:

I am very involved in youth work in the watersport „rowing" for over 10 years so far! My emphasis (and those of my assistants) have always been encouraging cooperation and teamwork in the children, not solely the aspects of the sport. In addition to that, giving them a reliable place to go for all matters of life as well. Personal, emotional, temporal and financial engagement is always part of it for me to reach my aims.

Idea: Through some eBay charity-auctions of sporting goods (Soccer, Formula 1,...) the idea came alive to profit from my connections in the „metal-scene" and achieve something that has been unmatched so far: a skiff for children and for my youth work financed by auctioned fan collectibles. „What soccer is able to do, WE can as well by now!"

Involved bands/musicians (presumably):

- Edguy (✓)
- Saxon (✓)
- Doro
- Stormwarrior
- Savage Circus
- Rough Silk
- Virgin Steele
- Axel Rudi Pell
- Helloween
- Gamma Ray
- Iron Savior
- ...

Realising:

1. Collecting of signed CDs, DVDs, posters, autograph-cards and other fan items for about 2-3 months (until ca. April 2009)
2. Putting up all items for auctions at eBay
3. Buying a new skiff for children (single)

Aim: 2370 Euros for an Empacher skiff for children (single)

I will myself double the amount that will be reached by the auctions to come as close as possible to the needed amount.
